Red Bend Catholic College established in 1926 in Forbes is a coeducational Boarding School offering the students a good preparation for life after school. It is an excellent way for students to grow in self-confidence and maturity, and to form stronger friendships.

The Lachlan River surrounds the College on three sides and this has a clam atmosphere. The 550 students, of which 140 are boarders, are friendly and straightforward, as they chat to each other along the verandas heading to class.

A wide range of subjects is provided to cater for academic and vocational interests and prepares students for a successful Higher School Certificate

Boarders' daily activities are under the supervision of experienced resident staff. Boarders have access to the College's extensive sporting facilities. The catering staff provides a variety of interesting and healthy meals.

For more information on Academic Scholarships, Bursaries and financial awards that cover partial payment of fees contact the Registrar.
