PLC SYDNEY

More than Just a Boarding School

Presbyterian Ladies' College, Sydney offers a world class education to both day and Boarding students in a caring and supportive learning environment. It caters for students from pre-Kindergarten to Year 12 and Boarding is available to girls from Year 7 to Year 12.

Founded in 1888, the College is set in landscaped grounds with heritage buildings and modern, state-of-the-art facilities for Drama, Music, Visual Arts and Physical Education. The superb range of facilities at the College, including the Performing Arts Centre with its 538 seat theatre and the indoor aquatic institute, provide students with opportunities to expand their horizons through involvement in a vast array of co-curricular activities.

PLC Sydney boasts a rich curriculum and its aim is to provide high quality academic education in harmony with the tenets of the Presbyterian Church. Traditionally, students achieve academic excellence under the leadership of a team of professional educators and the College is known for academic excellence.

The Boarding House, which is home to approximately 65 Boarders, is an intimate and caring environment where girls are encouraged to pursue their interests and achieve their full potential while developing academically, socially, physically, morally, spiritually and emotionally.

Junior School Boarders are placed in shared rooms, Year 11 students are placed in twin share rooms and Year 12 students are placed in individual rooms. The staff are committed to ensuring all students get the most out of their educational experience at PLC Sydney and there are a range of resources and facilities open to Boarders, including individual, small group and online tutoring. The College also has an on-site nursing sister whose primary concern is caring for the health of the Boarders.

Communication between Boarders and family members is encouraged and parents are always welcome to dine with their daughters when they are in Sydney.

According to 2006 graduate, Nikki Joson, PLC Sydney was a home away from home: “The teachers were really, really supportive... it was literally like a family and whenever you needed info or more help you just went and asked,” she said.

Please contact us to discuss Boarding options for your daughter.
