Blair House is located in Clermont, Central Queensland, on the site of the former single-men's quarters of the Blair Athol Coal company.

The main purpose of Blair House is to provide a supportive and caring environment for those students whose homes are remote from Primary and Secondary schools.

Blair House is open to students in all schools and of all faiths. The aim of the hostel is to provide a home-away-from-home and to develop a friendly, caring relationship between House-Parents and students based on mutual respect and trust.

The accommodation facilities are excellent. Each room has its own en-suite, with a maximum of two students per room, and each block has its own common room and small kitchen area. An industrial kitchen caters for all the students, as does a large dining and computer room and a large wet weather room.

All students are encouraged to involve themselves in community activities, sports, hobbies and interests outside the school.
