Dalby Christian School is located on the Darling Downs in the Town of Dalby, a prosperous regional centre of 10,000 people. Dalby is located about 50 minutes west of Toowoomba or 2½ hours west from Brisbane.

Dalby Christian School, established in 1981, is an independent, non-denominational Christian School of 220 students. The school caters for Prep to Year 12 students with an Early Learning Centre attached which offers Day Care, Before & After School Care, Vacation Care and a Kindergarten program. The school presents subjects from a Christian World View, that is, from the perspective of the Bible.

Dalby Christian School offers a good selection of QSA registered board subjects and vocational education programs, which includes traineeships. We have caring, supportive staff and smaller class sizes which means more individual attention.

The Boarding House is a co-education facility that offers boarding to students in Yrs 8-12, with boys being in one wing and girls in the other. At this point the maximum enrolment is 11 students. All students have individual rooms with a bed, cupboard space and a desk. All rooms are comfortable with individual heaters and air conditioning ducted into each room. Facilities include modern computers and a printer for student study use, and a student lounge and dining area. Because the boarding house is on the school campus, students have access to sporting facilities, free after school tutoring and supervised computer use. Weekly and full-time boarding is offered to students.

The boarding house parents provide a friendly, family environment for students. Boarders are encouraged to develop effective study habits and skills. Supervised homework and study each weeknight.

We are exploring options for expanding our boarding offering for 2008. Enquiries to the school are welcome.
