**Contact: Principal**

Djarragun College is located at Gordonvale in Far North Queensland, approx 20 km south of Cairns. The College provides boarding accommodation for up to 71 Aboriginal and Torres Strait Islander students, both boys and girls.

Facilities at Djarragun are comprised of 5 modern, tropical-style, double storey buildings. Students have access to a large laundry, an undercover area for wet weather recreation, dining room and kitchen, and a recreation shed with weights.

There is a strong focus on the pastoral care of students, and it is envisaged that all students who leave Djarragun College after Year 12 will have gained the skills necessary to become successful and contributing members of society.

The aim of the College is to provide a safe, clean and nurturing environment and offer ongoing guidance to support students to develop into responsible and independent adults.
