Eulo & District Student Hostel is situated in the small, rural town of Eulo, approx 900 km west of Brisbane.

The co-educational residence is located adjacent to the Eulo Primary School which all the students attend, and is managed by a Committee comprising students' parents, community members and the House-parent.

The hostel was purpose-built and caters for up to 24 boys and girls from isolated areas in western Queensland.

A large, open-space living area contains the kitchen, dining-room, lounge/TV and computers and is the central hub of the hostel. Two dormitory wings with multi-bed rooms and attached bathroom facilities are located on either side.

Indoor recreation is available to the students, with computers and other types of games provided.

Outdoors, large verandahs and under-cover play areas give ample space for the children to enjoy themselves.
