Contact: Manager

Longreach Residential College, managed under the auspices of the Longreach Shire Council, is situated in the large central Queensland town of Longreach, approx 1,200 km north-west of Brisbane.

The College is staffed full time by Manager/House-Parents who provide pastoral care and are responsible for the general running of the College.

All students attend either the local primary or secondary schools, and strong links with both schools and the local community offer students an excellent network.

Accommodation in either shared room or private cubicle style is available, together with shared bathroom facilities. A large lounge room, games room, computer facilities and outdoor recreation area is provided.

Extensive refurbishments and modification to the facility in recent years, together with extensive landscaping, has resulted in a safe, functional and pleasant living environment.
