**Contact: Principal**

The Cathedral College was founded in 1991 following the amalgamation of The Range College and St Joseph's Christian Brothers College. Since this time, the college has quickly built a proud tradition of providing a quality, all-round education for its students. The Cathedral College is a Catholic Co-educational Residential and Day college for students in Years 8 to 12, with 800 enrolments.

The college is situated beside Rockhampton's St Joseph's Cathedral in William Street, and this close association with the Cathedral benefits the College as we pride ourselves on the Gospel values that are lived out and where prayer and reflection are encouraged.

The college offers a great selection of academic subjects, Vocation Orientated Programs (traineeships & apprenticeships) and numerous sporting and cultural pursuits. Staff are caring and supportive and pay attention to each individual student's needs.

Separate Residential Campuses for Girls and Boys are located a short distance from the Day Campus. The Cathedral College Residentials are a caring and friendly environment, where there is a balance between recreation and study.
