The Rockhampton Girls Grammar School is set atop Athelstane Range overlooking Rockhampton. It is regarded as a leading centre of education for students of all ages.

Rockhampton Girls Grammar School is one of the original eight Grammar Schools of Queensland. It has been educating young women since 1892.

Rockhampton Girls Grammar provides girls from all backgrounds with access to a caring, safe yet challenging educational environment in which there is a balance between academic, cultural and sporting activities.

The School values its traditions but appreciates the value of an innovative approach. Class sizes are small, and individual differences and needs appreciated. Staff are caring, committed, well qualified and professional.

Boarding accommodation for students in Years 6 to 9 is in spacious two person shared rooms. Year 10 students have the option of several single rooms or shared accommodation with another student.

Senior students in Years 11 and 12 enjoy the privacy of their own rooms. Kollar House is our newest boarding facility which accommodates 60 senior students in single rooms, each with separate internet and phone access.
