Lucindale Area School Boarding House is situated in the small South Australian town of Lucindale, approx 350 km south-east of Adelaide.

The students at the hostel attend the Lucindale Area School which is widely known for its excellent Agricultural Science program. This attracts students from all parts of south-eastern South Australia.

The hostel is situated just outside the boundary of the school and is built to take a maximum of 13 students. The boarding complex comprises a large, open space living area and spacious bedrooms, with shared bathroom and toilet facilities.

Cooking and laundering of linen is done by the house-parent, although the boarders are responsible for preparation of their school lunches. They also take their personal laundry home each weekend.

Lucindale is a member of the South Australian Rural Student Accommodation Program funded by the South Australian Government.
