Accommodation at City Beach Residential College is offered only to students accepting a place in gifted and talented programs at public metropolitan schools. The initial enrolment in 2007 comprised 17 students from country towns who attend Perth Modern School, Churchlands SHS or John Curtin SHS.

Situated in Kalinda Drive, just off Oceanic Drive and a few minutes from the beach, the college comprises five blocks of two storey townhouses, all of which have views over bushland and the city. Male and female students live in separate

blocks with staff nearby. Each townhouse contains six bedrooms, three bathrooms, a well-equipped kitchen and a dining/lounge room.

Students enjoy the use of a full-size school gymnasium, football oval, courts for tennis, basketball, netball, and beach volleyball, as well as swings, slides and exercise bars.

Public transport and college buses provide for student travel needs to and from school and give them ready access to many recreational options and venues on weekends. Most students have either sport, music or drama commitments outside school times as well as very demanding scholastic programs.

With the opening of the City Beach Residential College in 2007, there are now nine Country High School Hostels Authority Residential colleges in Western Australia. Experienced and qualified staff in all locations receive high approval ratings from parents for the care and service they provide.

Most importantly, residential college staff are warm, caring people who enjoy working with students and their parents to create a memorable boarding experience and friendships that last a lifetime.
