Contact: Head of Boarding

Mazenod College is located in a bushland setting in Lesmurdie, an outer suburb of Perth. The College is a day and residential facility for 600 boys and has a boarding enrolment of 98 students.

The Boarding College is a well designed and modern building in which accommodation offers privacy in neat and attractive cubicles. Facilities include a spacious, bright dining room and well equipped kitchen, TV rooms, and state-of-the-art recreation rooms and sporting facilities including a weights room.

Not being extremely close to the city has its advantages as the temptations of the city are a little further out of reach.

Staff responsible for the care of the boarders include House Mothers, permanent and part-time supervisors, as well as members of the teaching staff who both supervise and offer tutorial assistance during study. Mazenod employs a Recreation Officer to plan, organise and implement a recreation program for the boarding students at the beginning of each term.
