Swanleigh Residential College, part of the Anglican Diocese of Perth, is situated on 39 hectares in the Swan Valley, 25 km from Central Perth.

The co-educational College accommodates up to 200 students who are able to select from a number of quality schools offering a range of different styles and special programs depending on needs. A number of academic support programs are available to ensure that students have every opportunity to achieve their full potential.

Students are encouraged to develop personal integrity, respect and concern for others and assume responsibility for their actions within a supportive Christian environment. A service is held for the students each Sunday, and all are expected to attend.

A large number of outdoor activities is available to the students including swimming, beach volley-ball, tennis, netball and basketball, as well as a riding club and stables.
