Wunan House, formerly Duncan House which operated as a 4-star tourist bed-and-breakfast, was purchased in 2003 by Wunan Foundation through grant funding provided by ATSIC and the WA Department of Housing and Works.

It offers quality, affordable living for Aboriginal people seeking long-term or short-term accommodation in Kununurra, and is the only hostel in the East Kimberley specifically designed to suit Aboriginal people undertaking study, training or work experience.

Wunan House offers private air-conditioned rooms with en-suite facilities, TV, fridge, tea and coffee facilities and ample storage room. A large common room area is complete with computer facilities (including Internet access), library and entertainment unit. Laundry facilities and a private courtyard with BBQ are available.

Centrally located opposite the TAFE and High School, Wunan House is only a short walk to the town's shopping area and sporting and leisure centres.
